Legacy Rubber is your one source for top-quality rubber extrusions in the shapes, colors, and lengths you need. We can help determine the best rubber or evaluate custom compounds for your application.

Legacy Rubber is located in the heart of the nation's primary rubber manufacturing region, Middlefield, Ohio. We produce highest-quality materials in both standard and customized formulations, and can supply virtually any kind of rubber, tinted to the color you need.

Available in both dense and sponge compounds, standard materials include: EPDM · natural rubber · nitrile · polyisoprene · SBR · silicone · neoprene.

The machine line in our Middlefield, Ohio Facility.

Legacy rubber products are solving problems across a broad spectrum of industries, including:

- Agriculture
- Automotive
- Aviation
- Construction
- Equipment
- Food
- HVAC
- Industrial
- Marine
- Pharmaceutical
- Renewable Energy
- Window & Door

UNIQUE BENEFITS FOR OUR OEM PARTNERS

- Our state-of-the art equipment includes digital controls that maintain very close tolerances for optimizing conformance of custom-made dies to their blueprints, along with providing consistent, accurate extrusions.
- Extrusion capabilities include: standard and custom shapes and profiles, seals, weatherstripping and rubber straps.
- Our continuous cure technology permits long-run extrusions of virtually any length—for example, O-rings in continuous stock to lengths of 1,000 feet and longer.
- 100% U.S. sourcing eliminates the variables of international supply and deliveries. On-time delivery is standard at Legacy Rubber.
